## EXPERIENCE

### Frontend Engineer

#### Shopx

📅 February 2023 – May 2024

📍 New Cairo

- contributed to the development of a multivendor e-commerce platform. I focused on building a responsive and user-friendly interface using React js, Next js.enhancing the user experience for both vendors and customers. My role involved implementing key features, optimizing performance, and ensuring cross-browser compatibility.

## PROJECTS

### Lohanza

**React js, Redux toolkit, React router dom, Formik+yup, Material ui, Stripe**

📅 February 2023

- Multivendor Global e-commerce
- Developed responsive and user-friendly interfaces using React js, enhancing the shopping experience for customers.
- Implemented key features such as store/product creation, vendor dashboard, order management, and local/global payment gateway.
- Optimized performance and ensured cross-browser compatibility.
- Collaborated with designers and backend developers to integrate frontend components seamlessly.

### Lohanza admin dashboard

**React js, React router dom, Typescript, Material ui**

📅 June 2023

- Mega satisfying admin dashboard.
- Where admin can manage Orders, Shipments, Shipping services, Transactions, Packages, Stores, Categories, users, etc.

### Lohanza courier dashboard

**React js, Redux, Typescript, React router dom, Material ui**

📅 October 2023

- where couriers can manage their packages, delivery and provide a real-time tracking.

### Lohanza v2 (in development)

**Next js, React js, Typescript, Zustand, Shadcn ui, tailwindcss, Recharts, Turborepo, Vitest, React testing library, Cypress**

📅 January 2024

- Developed and maintained separate buyer and seller applications within a monorepo architecture, ensuring modularity and code reusability.
- Implemented advanced features for the seller dashboard, including inventory management, sales analytics, Transactions, Discounts & Offers, and order tracking.
- Enhanced the buyer application with personalized shopping experiences, improved search functionality, and streamlined checkout processes.
- ensuring seamless integration and consistent user experience across both applications.

## EDUCATION

Bachelor degree in Geographic information systems

**Beni Suef University, Egypt**

📅 September 2018 – September 2022

## SKILLS & TECHS

Html   Css   Javascript   Typescript  
React Js   Next Js   Redux Toolkit  
Redux saga   Material ui   Git-GitHub  
Tailwindcss   Jest   Vite   cypress  
Scss   Framer motion   Truborepo  
Vitest   React testing library   Zustand  
Shadcn ui   Zod   antd   Axios  
React query   React router dom  
Formik   React hook form

## SOFTSKILLS

Learning Potential   Team Work  
Flexibility   Responsibility  
MultiTasking
